 AWARDS

The inaugural **Architecture into Education Awards 2023**

The logo for the Architecture into Education Awards 2023 is located in the top right corner. It consists of an orange square containing the text 'ARCHITECTURE INTO EDUCATION AWARDS' in white, uppercase letters. The text is arranged in four lines: 'ARCHITECTURE' on the first line, 'INTO' on the second line, 'EDUCATION' on the third line, and 'AWARDS' on the fourth line. A white graphic element, resembling a stylized 'L' shape or a corner bracket, is positioned to the right of the words 'INTO' and 'EDUCATION', extending from the right side of 'INTO' down to the right side of 'EDUCATION' and then back to the left, ending under 'EDUCATION'.

INTO
EDUCATION
AWARDS

The Architecture into Education Awards have been launched to celebrate teachers and built environment professionals who have been using the theme of architecture and the built environment education within classroom teaching or collaboration. The awards aim to recognise, promote, and encourage school-led learning programmes exploring architecture and the built environment.

This award scheme is the first of its kind and is open to all educators and built environment professionals. The award celebrates architecture learning across categories including themes of wellbeing, community and sustainability, subject areas and key stages.

2023 Themes

Designing for wellbeing & community

Designing for wellbeing within the school environment or neighbourhood / creating spaces and places for everyone with culture diversity & needs.

Enter - teacher-led

Sustainability - The 6 'R's + 1
